

## Spring 2012 Course Descriptions

**APL300 Apologetics.** Know what you believe and why. What do you say to someone who insists that the Bible contradicts itself? Combine passion and knowledge to feel comfortable in giving an answer to those who question the truth of the sacred script. *Holman Quick Source Guide to Apologetics by Kendell Easley 12.00*

**BBL204 Leader of One.** All leadership must start with self. Until there is self-mastery, there can be no dynamic leadership.

*Leader of One \$14.00*

**NTS101 Gospel of John** - The author of the fourth gospel was singled out among the disciples of Jesus as being the one whom "Jesus loved" and he had a prominent role in the life of Jesus. John was not intimidated by Jesus. He was not afraid of his Lord and Master. The Jesus John knew was not a hooded mystic, abstracted by heavenly visions. *Life Lessons: The Gospel of John Max Lucado 10.00*

**NTS203 Book of Romans** - The Book of Romans tells us about God, who He is and what He has done. It tells us of Jesus Christ, what His death accomplished. It tells us about ourselves, what we were like without Christ and who we are after trusting in Christ. Paul points out that God did not demand men have their lives. *The Letter to the Romans (New Daily Study Bible) William Barclay 11.00*

**THE100 Playing by the Rules:-** *A Basic Guide to Interpreting the Bible:* Build the foundation to study, interpret, and understand the Bible and its many different types of genres (poetry, history, prophetic, etc.) Pull the meaning from biblical texts, that applies to contemporary life. While written for people first learning to study the Bible, it contains a wealth of information for more advanced students. *A Basic Guide to Interpreting the Bible, 2nd edition: Playing by the Rules By: Robert H. Stein \$15.00*

**CED502 Christian Ed. Psychology** - This module provides a variety of concepts in using Christian education and discipleship to promote spiritual maturity within the local church. God calls us as disciplers to shape our learners – their thinking, values, and behaviors – by His power, toward His ends, through His Word. Without that call, we reduce the study of educational psychology to bits and pieces of conflicting theories. *"Created to Learn: A Christian Teacher's Introduction to Educational Psychology" by William R. Yount. \$29.00*

### **CSN511 Pastoral Counseling Ethics**

This module explores the ethics needed in Pastoral counseling in today's complex world. A team of professional counselors grapple with complex dilemmas to forge an ethical approach to Christian counseling. Edited by Randolph K. Sanders, this book is an indispensable resource for understanding counseling ethics in light of Christian faith and practice. *"Christian Counseling Ethics: A Handbook for Therapists, Pastors and Counselors" by Randolph K. Sanders. \$19.00*
